

## THEBERTON AND EASTBRIDGE PARISH COUNCIL

Councillors are summoned to attend the Annual Meeting of Theberton and Eastbridge Parish Council on Wednesday 10<sup>th</sup> May 2023 at Jubilee Hall, Theberton at 7:00 pm.

### 1. Election of Chair and signing of Declaration of Office

Cllr. Stephen Brett was nominated by Cllr. Hilary Ward and seconded by Cllr. Paul Collins to remain in office as Chair. All members present voted in favour and Cllr. Brett was duly elected. Cllr. Brett signed the Declaration of Office and the Clerk signed as witness.

### 2. Election of Vice-Chair and signing of Declaration of Office

Cllr. Hilary Ward was nominated by Cllr. Stephen Brett and seconded by Cllr. Paul Collins to remain in office as Vice-Chair. All members present voted in favour and Cllr. Ward was duly elected. Cllr. Ward signed the Declaration of Office and the Clerk signed as witness.

### 3. Attendance and apologies

#### Attendees:

Cllr. Stephen Brett – Chair  
Cllr. Hilary Ward – Vice Chair  
Cllr. Paul Collins  
Cllr. Bob Flindall  
Cllr. Stephen Morphey  
Cllr. Hazel Collins  
Cllr. Daryl Ash  
Cllr. Nat Bacon

#### Apologies for absence:

County Cllr. Richard Smith - apologised  
District Cllr. Katie Graham  
District Cllr. Sarah Whitelock

#### Members of the public:

One

#### In attendance:

Honor Houlding - Clerk/RFO  
District Cllr. Tom Daly

### 4. To receive declarations of interest and to consider requests for dispensations.

None.

### 5. Public Forum

- a) District Cllr. Tom Daly who has been re-elected was congratulated by the Theberton & Eastbridge Parish Council members. District Cllr. Tom Daly thanked the villages of Theberton and Eastbridge for their votes. The two new Councillors, Sarah Wagg & Katie Graham were not able to attend. Tom Daly apologised on their behalf. Post-election, Tom will now allocate the Parish Councils throughout the district so that all will gain a fair representation from their District Councillors. He went on to explain that the opposition groups; The Green Party, Liberal Democrats and Independents after the recent election now have enough seats to control the council. The Green Party are liaising with The Liberal Democrats to discuss progress as a cohesive group, they will decide who will Lead, who is the Deputy Leader and all other Cabinet Positions. This should be completed ahead of the District Council Meeting taking place on 24<sup>th</sup> May.

There will be a bigger focus on energy projects with The Green Party leading, they hope for more transparent processes on mitigation moving forward, more deliberation and working together with the knowledge and insight of Parish Councillors and Campaign Groups.

Dark Skies will also become more of a priority under the new Local Government with Cabinet Member agreeing there have been issues with applications and that Theberton and Eastbridge Parish should resubmit their application for Dark Skies. Cllr. Paul Collins noted to suggest the resubmission of the Dark Skies application to Darsham Parish as

they had also experienced issues under the previous Cabinet. District Cllr. Tom Daly agreed and said that he would lead the new Cabinet to be more inclusive of the Green Party ethos.

Cllr. Paul Collins mentioned the East Suffolk Council Planning to implement their specialised website to track all movement with planning for the construction of Sizewell C, he notes that this is intended to be published by the time construction starts however that by this point it is too late and that the planning applications affecting Sizewell C should be viewable by all affected immediately. It was expressed by Cllr. Paul Collins that Sizewell C Planning applications must currently be individually searched and that they cannot be grouped to be viewed as whole by Parish Councils. Cllr. Paul Collins suggested an alert system on Suffolk County Council Planning website to make people aware of new planning permission applications for Sizewell C related sites. District Cllr. Tom Daly agreed to action this immediately.

The Chairman agreed that the planning process should be more transparent and that Theberton and Eastbridge Parish Council have previously approached SALC to discuss best practice and language to use escalate planning applications to reach committee level. Historically, when the Parish Council have attempted to contest an application, they have been 'put in their place' and their request has been rejected. District Cllr. Tom Daly advised he sits on planning committees and will begin to work on a clearer process for Parish Councils to follow.

A report was begun by Cllr. Bob Flindall, Cllr. Stephen Brett and previous Cllr. Graham Bickers to provide evidence to SALC of their experiences with the East Suffolk Council Planning Department. The council members would like the report to be circulated amongst the Planning Department and to be taken further; for a full process to be written and circulated to Parish Councillors, followed by training via SALC to enable all councils to be able to deal with future planning applications effectively and with impact.

Cllr. Stephen Brett posed a question to District Cllr. Tom Daly on how the previous cabinet were not strong with EDF and energy projects, how will he continue to work on local energy projects to ensure EDF are accountable and do not deviate on their word. Cllr. Paul Collins reminded the council that EDF are making one off payment of £25 million, 2.5 million per annum to Suffolk County Council to employ Energy Project Managers and Planners. District Cllr. Tom Daly agreed to report back on this at the next meeting once the new cabinet had been appointed.

District Cllr. Tom Daly presented a grant which launched on the 11<sup>th</sup> of April and is available to any new businesses in Suffolk opened in the last twelve months. The UK Government has a grant for £250,000.00 to assist businesses improve their online presence, improve their emergency efficiency.

**ACTION:** Cllr. Bob Flindall offered to write a briefing note for Councillor Tom Daly covering planning issues that had been the subject of debate between East Suffolk Council, SALC and Parish Councils

- b) The member of the public stated that East Suffolk Council are responsible for the Coastal Management Plan and asked them to call upon the people with expertise from the Parish Councils and Action Groups to support them. District Cllr. Tom Daly agreed that no bullying tactics should be present in the new cabinet and Planning Officers and Councillors should work together.

## 6. Minutes

It was proposed by Cllr. Paul Collins seconded by Cllr. Hazel Collins and agreed that the minutes of the meeting held on 12<sup>th</sup> April 2023 be signed as a true record. All in favour.

## 7. Matters Arising

With regards to the sale of land close to EDF near Lover's Lane, Cllr. Stephen Brett had spoken with the resident who previously owned the land. It was confirmed that the transaction took place historically and was not a recent sale.

With reference item f) Dark Skies, Cllr. Paul Collins has not yet written to the Secretary of State however since the change in Cabinet and District Cllr. Tom Daly update this may not need to happen and instead the Parish should re submit their Dark Skies application.

**ACTION:** Cllr. Paul Collins to speak to Darsham with regards to Dark Skies and resubmit Theberton and Eastbridge Parish Council's application to the programme.

## 7. Councillors

Theberton & Eastbridge Parish Council welcomed Cllr. Daryl Ash.

### a) To agree to co-opt Robert Flindall to the Council.

The Chairman proposed that the Council co-opts Cllr. Bob Flindall who did not stand for election due to his plans to shortly leave the parish. Cllr. Paul Collins seconded and the members present voted in favour. Cllr. Bob Flindall is happy to continue to oversee Planning Applications and his continued work and presence is thanked and appreciated by the Council.

### b) To agree Councillors' responsibilities to liaise with the Jubilee Hall Management Committee and the Community Council.

Cllr. Hilary Ward agreed she will continue her role liaising with the Jubilee Hall Management Committee and the Community Council.

### c) To agree which Councillors should lead on Energy Projects, Speed Indicator Device, Playing Fields, Planning, Burial Ground, Heritage Trail, Eastbridge Common and Defibrillators.

It was decided by the Council Members to revisit this in July's Agenda. This will allow newly elected Cllr. Daryl Ash to associate herself better with current projects in the Parish.

### d) To conduct the annual adoption of the LGA Model Councillor Code of Conduct.

Cllr. Stephen Brett proposed and seconded by Cllr. Paul Collins to adopt the LGA Model Councillor Code of Conduct. All in favour.

## 8. Energy Projects

### a) Cllr. Paul Collins summarised his previously circulated report which is attached as **Appendix I**.

In addition, Cllr. Paul Collins requested for Karen Thomas to be invited to the Coastal Partnership meeting. The only outstanding issues are corporate organisation and those who own land. District Cllr. Tom Daly agreed to investigate the coastal defence programme.

There were two late additions to this month's Energy Reports; Euro Link have changed their name to Lion Link and The Scottish Power Judicial Review is ongoing and scheduled for the 24<sup>th</sup> of May.

Cllr. Bob Flindall wanted to make District Cllr. Tom Daly aware that the posts have been funded by EDF however they have not yet been filled. He would like to see that the money available to the new administration is used correctly and that funds are spent wisely.

With the permission of the Chairman, the member of the public made the Council aware of the EDF meeting at Benhall on 16<sup>th</sup> May with regards to Marsh Harrier mitigation. The meeting is being held to discuss the impact of flooding and high levels of contamination that have been found in waterways.

**ACTION:** Honor to ask councillors if they would like to add to next meeting under matter arising.

Cllr. Stephen Brett brought the Council's attention the proposed 18 month long archaeological work at Friston for laying power cables by Scottish Power Renewables. The landowner at Theberton Airfield has been contacted as a proposed park and ride for 100 cars, equipment and facilities is about to be submitted for planning permission. There will be a meeting held at Theberton Jubilee Hall on 15<sup>th</sup> May to discuss. It is deemed to be a practical location due to the fact it is concrete and its close proximity to Friston.

The Council suggested that they should not be forced tolerate the excess traffic to the site and they should contribute to how the traffic accesses the site and which route they should take. Cllr. Nat Bacon suggested the route from Saxmundham via Leiston Road, past Buckles Wood would avoid the bottle neck at Leiston Abbey and have less impact on the campsite at Cakes and Ale.

Cllr. Paul Collins added that EDF are using Rendlesham Airfield and Martlesham for these facilities and thought that Scottish Power should follow suit.

District Cllr. Tom Daly noted that although the Parish Council cannot be present at the pre application stage they should begin to think how they can contribute.

Cllr. Nat Bacon mentioned the National Grid Compulsory Orders over surveying of farmland. He has spoken with Fisher German on behalf of landowners and trying to agree access license.

**b)** The Council considered a consultation from Suffolk County Council about planning application SCC/0030/23 – discharge of requirement 3: archaeology and peat – Sizewell C.

Cllr. Bob Flindall believed that EDF were following archaeological protocol that had been evidenced in the investigations at Benhall Fen Meadow and the Green Rail Route. He expressed that County Cllr. Richard Smith had brought his concerns to attention previously with regards to this matter. It is thought that only the Green Rail Route impacts our Parish and that East Suffolk Council have submitted their investigations for Halesworth, Benhall & Pakenham.

Cllr. Paul Collins refers to not getting alerts for Sizewell planning and therefore we are not given the opportunity to review such applications of the future.

## **8. Clerk's and Councillors' Reports**

### **a) Heritage Trail.**

Cllr Stephen Morphey updated the council on the progress with the Heritage Trail however the Village Historian who has been assisting with the project has paused the project for personal reasons.

District Cllr. Tom Daly and the member of the public left the meeting.

### **b) Community Council/Jubilee Hall Management Committee.**

Cllr. Hilary Ward attended the recent Community Council AGM held on the 18 April.

The members voted Steve Nicholls as Chair, Michelle Moulton as Vice-Chair and Ruth Brown as Treasurer. Other members are Ronnie Gibbons, Julie Nicholls, Chris Whitewick, and Sally Ginger. After 30 years as part of the Community Council, Kath informed the Committee of her intention to resign however she is happy to continue as Secretary until a new applicant can be found.

The Community Council and Hall Management will amalgamate, and the Community Council will become the Trustees. John Keeble has shown an interest upon staying within the Council.

The Community Council thanked Julie Glenn and Sue Morrice for their continued commitment and support with the Good Neighbours Scheme.

The Kings Coronation event was held on Sunday 7<sup>th</sup> May in the grounds of the Village Hall. People came along with plates of food to share, there were also drinks provided free of charge. The sun shone and was enjoyed by everyone who came.

### **c) Speed Indicator Device.**

The Council noted the latest report which is attached as **Appendix II**.

After the increase to traffic and speeding in the Parish the data appears to have normalised.

**ACTION:** Cllr. Paul Collins to send Nikki Rosseau at EDF Energy the speed indicator report showing high level of traffic for Sizewell B Outage date range.

### **d) Police Crime Report.**

There was one crime reported of Criminal Damage and Arson in Eastbridge.

### **e) Eastbridge Common.**

Cllr. Stephen Brett and Cllr. Paul Collins to revert to actions from April's meeting.

Cllr. Stephen Brett received a letter from a solicitors with regard to the commission of a gravestone for the late Mrs. Audrey Cobb. The Burial Ground map and fees have been checked and confirmed the cost at £75. All in favour.

**ACTION:** Cllr Brett and Clerk to meet at Burial Ground on Wednesday 17<sup>th</sup> May to mark plot. Honor to respond to solicitors.

**f) Dark Skies.**

As discussed above. The reapplication to the Dark Skies programme will be actioned by Cllr. Paul Collins.

**g) Strategic Objectives.**

It was decided that Strategic Objectives should be reviewed alongside Councillor Responsibilities in July's Agenda. All in favour.

**ACTION:** Clerk to add to July's Agenda

**h) Election update.**

There are two current vacancies in the Council and no interest at present. Councillors discussed possible nominees and will report back at next meeting.

**ACTION:** All Councillors to complete register of interest form online and send expense forms to East Suffolk Council.

**ACTION:** All Councillors to report back on conversation with regards to applications for Council vacancies.

**i) Dog Waste Disposal**

Cllr. Hazel Collins had recently received a note from East Suffolk Council that bagged dog waste should no longer be placed in domestic bins and that there are no alternative disposal facilities for dog waste in Eastbridge.

Cllr. Stephen Brett declared interest in the topic, he would not support a dog waste bin in Eastbridge due to Neospora, a bacteria carried in dog waste that affects the unborn calves of his cows causing premature deaths. The consensus of the members was that a dog waste bin in Eastbridge would be used by tourists and locals and could become very full very quickly, the concern that Norse would not empty the bin frequently enough thus causing more issues.

**ACTION:** Clerk to contact East Suffolk County Council to clarify their position on how bagged dog waste should be disposed and report back at the next meeting.

**j) Clerk Update – BT Broadband & Filing Cabinet**

The BT Broadband for Theberton Village Hall will require signing into a new name, both Cllr. Nat Bacon and Cllr Stephen Brett agreed to take over the contract.

**ACTION:** Clerk to send online form to sign over account to Cllr's Bacon and Brett.

The filing cabinet for Parish Council records at the Theberton Village Hall is to be proposed to the Community Council by Cllr. Hilary Ward at their next meeting on 7<sup>th</sup> June.

**ACTION:** Cllr's Ward and Brett to attend next Community Council Meeting.

**9. Financial Year End 2022-2023**

**a)** The Council reviewed and approved the Annual Accounts for the financial year of 2022- 2023.

**b)** The Council reviewed and approved the Bank Reconciliation for the financial year 2022-2023

**c)** The Council considered and approved the Annual Governance Statement (Section 1) of the Annual Governance and Accountability Return.

d) The Council considered and approved the Accounting Statement (Section 2) of the Annual Governance and Accountability Return.

e) The Council considered and approved the Certificate of Exemption for the financial year 2022-2023.

**ACTION:** Clerk to send the Certificate of Exemption to the External Auditor.

f) The Council considered the Internal Audit Report for the financial year 2022-2023 and noted there were no recommendations from the Internal Auditor.

g) The Council considered and approved the budgeted versus actual income and expenditure for the financial year 2022-m. 2023.

h) The Council considered and approved the Review of the Effectiveness of the Internal Audit for the financial year 2022-2023.

i) The Council agreed to set the period for the exercise of public rights from 5 June to 14 July 2023.

**ACTION:** Clerk to upload all documents to the website.

## 10. Finance

a) The Council noted the latest financial position attached as **Appendix III** and the receipt of the Community Infrastructure Levy and Precept.

b) It was proposed by Cllr. Hazel Collins and seconded by Cllr. Hilary Ward to authorise the new Clerk as the signatory for the Barclays bank accounts. All in favour.

**ACTION:** Honor to take signed mandate to Barclays.

c) It was proposed by Cllr. Paul Collins and seconded by Cllr. Stephen Brett to approve the following payments. All in favour.

Details	Payee	Amount	Power
Clerk's Salary	Sharon Smith	£328.58	LGA 1972 s.112
Annual Subscription	Suffolk Association of Local Councils	£157.82	LGA 1972 s.111
Burial Map Printing	Leiston Press	£39.60	LGA 1972 s.111
Data Protection Registration	Information Commissioner's Officer	£35.00	LGA 1972 s.111

## 11. Correspondence

The Council reviewed the correspondence received between 13<sup>th</sup> April 2022 and 5<sup>th</sup> May 2022 and agreed that there were no actions required to be taken.

## 12. Items for the Next Agenda

a) Cllr. Paul Collins plans to attend the SALC meeting being held on 11<sup>th</sup> May. If Cllr. Paul Collins believes the Council should respond he will circulate for the Councillors' attention. A response is required by 25<sup>th</sup> May 2023.

b) Cllr. Hazel Collins mentioned the Suffolk Wildlife courses being held, in particular on 26<sup>th</sup> July at Westleton, on how to manage wildlife in churchyards. The course costs £10 to attend. The Council were in favour of Cllr. Hazel Collins attending the course and the fee will be covered by the Council.

**ACTION:** Hazel to sign up for Suffolk Wildlife course and forward invoice to Clerk to be paid.

c) Cllr. Stephen Morphey stated that since the last meeting he has mowed the Eastbridge Burial Ground however the top corner was too overgrown for his equipment. Cllr. Stephen Brett agreed to cut the area with his farm equipment.

**ACTION:** Cllr. Brett to mow trim top corner of Eastbridge Burial Ground.

d) Cllr. Hilary Ward asked for Parish notice boards to be added to the next agenda. The Eastbridge Noticeboard needs to be re-erected and the Council needs to discuss new notice boards for the Parish as they are becoming aged and increasingly difficult to access.

Cllr. Hilary Ward asked the Chair if the gold refurbishment of the Village signs was progressing. Cllr. Stephen Brett confirmed it was ongoing.

[ACTION: Honor add to next agenda.](#)

### **13. Next Meeting**

To confirm the date and time of the next meeting of the Council which is scheduled for Wednesday 14<sup>th</sup> June 2023 at 7:00 pm.

Honor Houlding

Parish Clerk

10<sup>th</sup> May 2023

Meeting ended at 9.10pm

TASC's Judicial Review of the Development Consent Order approval by the Secretary of State, supported by TEAGS and Suffolk Coastal Friends of the Earth, was heard in front of Justice Mr Holgate on 22<sup>nd</sup> and 23<sup>rd</sup> March as planned. The hearing was to consider 7 grounds, although one was dropped at the beginning of the hearing. Originally there had been 8 grounds but another was dropped several months ago following comments of the judge and advice from TASC solicitors and barrister.

Justice Holgate was very engaged throughout the 2 day hearing, asked questions and challenged points from all the barristers representing TASC, Secretary of State and EDF (Interested Party).

At the end of the hearing Justice Holgate reserved his decision, stating that it was important that he carefully considered all the points as some would have significant potential precedence in future planning applications.

We expect a decision between 4 and 6 weeks from the conclusion of the hearing which would place a decision between 21<sup>st</sup> April and 4<sup>th</sup> May. Of course, this is not predictable and could be shorter or longer.

A meeting between TEAGS and SZC Co was held at Milsoms on 20<sup>th</sup> March. Alison Downes, Steve Brett and I were in attendance and Julia Pyke and Declan Burke (DESNZ), both directors of SZC Co plus Marjorie Barnes and others from SZC and DESNZ were in attendance.

The major point for discussion was the inadequate level of information about the various ground clearance and preparatory projects now in progress on the Sizewell Estate around Kenton Hills and Goose Hill to create an access road to the proposed SSSI crossing.

Suggestions that residents go to the SZC project website or should receive information from their local parish councils supplied by SZC were discussed and we pointed out that whilst parish councils may put these on the website, we expect that few people will look at our website and often we only see those that are within our parish boundary or have relevance to the B1122.

We challenged SZC to ensure that these projects were placed on their project website in good time and labelled/described more clearly to help residents understand what is about to occur in good time rather than only being added as work is actually started. Also, the existence of the project website should be better advertised so that parish councils and organisations like TEAGS and TASC are not expected to be gatekeepers to the project just because we are probably most aware of the status at any particular time.

Several other projects are also now being noticed by parishioners and others in the surrounding district including the preparation of works to create compensatory fen meadow habitat at Benhall (and Halesworth and Pakenham). Some of these are also subject to applications to East Suffolk Council (and Suffolk County Council) to request DCO Requirements Discharge. There are 10 applications currently on the ESC planning website. These mainly concern submitting plans for archaeology investigation or other plans for technical issues such as dust suppression or temporary access to utility supplies for site offices etc.

We understand that a dedicated website is going to be created at ESC to bring all of these issues together rather than have to search for them in the general planning website at ESC as over time there will be many of these and the site should help with ability of residents and others to respond to these items.

There also needs to be a way of being informed of ALL SZC related applications for discharge of planning conditions or any other works as the existing ESC site only allows you to follow a single planning application as it progresses. These applications are all individual and only related by having Sizewell C in the description.

This limited way of operating will simply not enable those with an interest in the SZC project to follow all of the various applications being submitted to ESC and react within the timeframe between submission and approval consideration.

Some applications will be of significant size and complexity such as the final design of the Hard and Soft Coastal Defence and the associated Coastal Processes Monitoring and Mitigation Plan.

The regular meeting between Office for Nuclear Regulation and the various NOGs is to be held on 26<sup>th</sup> April in London.

The old BEIS Nuclear NGO meeting is now moved to DESNZ and despite trying to get a new date for this, DESNZ have been incommunicado and thus delaying arrangement of the quarterly meeting. We have found out lately that this was as a result of TASC taking the Secretary of State to court in the Judicial Review of the SZC DCO approval.

Two further public meetings are being organised.

The first is by Environment Agency on 15<sup>th</sup> May 15:30 – 17:00 via Microsoft Teams to discuss the recent granting of discharge permits for SZC.

The second is by the Office for Nuclear Regulation regarding the Nuclear Site License and a date and local location (not virtual) is currently being sought.

## **2 Energy Projects Cumulative Impact Group and Anglia Energy Planning Alliance**

A group consisting of the various windfarm, Sizewell C groups, Aldeburgh organisations, RSPB and others have met to highlight the cumulative impact of all the projects in this area to try and coordinate efforts in raising the considerable impacts should all of these projects actually come to fruition.

Following the creation of DESNZ (referred to as Disney in Whitehall apparently) from BEIS it is likely that Minister Andrew Bowie is likely to visit Sizewell in the near future and efforts to have him meet the Parish and Town Councils and other organisations in the same way as we met with Declan Burke in the past at Snape are underway. The Minister has overarching responsibility for all the energy projects in this area from SZC to interconnectors and wind farms.

### **3 T&E Parish Council**

I attended the meeting convened by SALC to discuss handling of NSIP applications in parallel to that which the County is now engaged. The discussion revolved around whether the SCC document could form the basis of document that could be used by Parish and Town councils. It wasn't clear whether the District Councils had been significantly engaged in SCC's efforts. Parts of the document clearly reflected the structure of the County Council and separation of officers from the political control so would need some significant changes. Minutes and actions from the meeting are yet to be circulated.

No comments have been received to the draft response to SZC Ltd that was circulated for the last meeting. It is attached once again, and if no changes are raised at the meeting, it should be sent to the SZC Co. Ltd. as soon as possible after the meeting.

Following responses from the chair to Charles MacDowell (Middleton), an updated draft of the letter to EDF/ESC/SCC resulting from the joint meeting of local Parish Councils concerning EDF plans for the B1122 and B1125 in the early years is also attached for consideration.

### **4 Scottish Power DCO Examination**

No further news on SEAS hearing.

### **5 Eurolink, Nautilus and Sea Link Interconnectors**

No further news on any of these projects, although see item 2 above.

### **6 EDF SZC B1122 plans**

Draft minutes have been circulated by Sharon and another meeting date is yet to be proposed.

## **Appendix II – Speed Indicator Report**

### **Theberton Speed Indicator Device Report 12<sup>th</sup> April 2023**

The speed indicator device has been operational for sixty-four ~20-day periods since 20<sup>th</sup> December 2016. It is placed at one end of the village or other at ~30-day intervals.

Traffic volumes in the period since March 2021 are back to normal and the long-term averages for those exceeding 35mph is now **36.6%** from north and **24.1%** from south. **However, in February/March there was a 50% increase in traffic compared to the previous 18 months and also more than doubling of traffic speeding >35mph from an average of 19.3% to 42.2%. This period coincided with the SZB outage. It appears that the March/April figures have gone back to the long-term average since the outage has completed.**

The **85<sup>th</sup> percentile speed\*** is at close to 40mph with **40.1mph** from north and **37.8mph** from south when they enter the village. These averages are over the whole period from December 2016, so the unusual February/March figures have not significantly affected this measure.

The solar panel continues to keep the batteries charged allowing the full 20 days installation, allowing 19 whole days of 24 hour recording to take place.
